Providing the essentials, so Kiwi kids can learn

KidsCan is New Zealand's leading charity dedicated to helping Kiwi kids affected by poverty. We believe that education gives kids a brighter future, but children can't learn when they are cold, wet and hungry.

So, we partner with low-decile schools and early childhood centres across New Zealand to give Kiwi kids in hardship the essentials: food, jackets, shoes and health products. Together we can give kids the opportunity for a better future.

65,000
shoes and jackets
sent each year

Our clothing programme

We know that on rainy, winter days some kids do not come to school, or they turn up wet, cold, and unable to learn. KidsCan provides a brand new warm jacket, quality footwear and socks to children so they can get to school whatever the weather.

40,000
kids fed
every day

Our food programme

Children can't learn if they are hungry. We provide nutritious breakfast, snack and lunch foods to children at our partner schools so they can be in the best position to learn.

Bread, yoghurt, pasta, butter chicken, soup, baked beans, and fruit are just some of the many items helping to fuel 40,000 children every day.

900+
schools and ECEs
supported

Our health programme

To help keep kids healthy we provide a variety of hygiene items including hand sanitiser, headlice treatments and period products. This means that kids can be supported in staying well, and it helps schools free up much needed funds for learning materials.

Our early childhood programme

We know that quality early childhood education has lasting impact on children's wellbeing, learning, behaviour, and health. KidsCan's early childhood programme provides under 5s with freshly prepared meals, jackets, shoes and basic health items. This helps preschoolers get the best start possible in their learning journeys.

Over
4,000
pre-schoolers
supported
every day

// KidsCan was my saviour when I had four children at primary school. I had no idea you existed until my girls came home with new shoes and socks. Times were tough and buying four pairs of shoes at the same time was near impossible. Then my girls would tell me that they received extra food throughout their day from KidsCan. I marched down to the school to find out about this 'KidsCan thing'. The school informed me of your organisation, and I think I cried on the spot. You helped us out in such a tough time. I thank you from the bottom of my heart - we well and truly appreciate it. //

Join us to make a better New Zealand for all Kiwi kids

Support a child

For \$30 a month, you can support a Kiwi kid and give them the essentials they need to learn. kidscan.org.nz/supportachild

One-off donation

Every donation KidsCan receives helps more Kiwi kids reach their potential. kidscan.org.nz/donatenow

Fundraise

Hold a fundraiser and raise money for kids in need. kidscan.org.nz/fundraise

Partner with us

Talk to us about how your business can support through monetary or in-kind donations. kidscan.org.nz/partner

// I want to support young people so they are able to make the most out of their education. //
